OUR PRODUCT:

Buy at trade prices or lower!

We supply, 100%, none recorded cars (HPi clear) that might have just a few marks or dents on them, to category cars, all types available, some, still with manufactures warranties on them!

Some have already been repaired and others that require repairing.

No Bidding | No auctions to deal with | No travelling | Nationwide delivery

Cars from £500 and nearly new from £4,000, some still with manufactures warranty!

THE BUSINESS MODEL:

Working from home or anywhere you chose! You will be able to purchase these vehicles direct through us at low prices.

We offer detailed instructions and on-going training, so no experience is required, but the love of cars is helpful.

Once you select a vehicle from our available members lists or online, simply email us your interest and we will send you a full repair report.

Then, you can confirm the total cost of buying the vehicle and its repair costs at your local garage, before purchase. Also, search the Internet or Auto-trader, to see what the vehicle would sell for and to get a value of your vehicle. From there, you can work out your potential profit, which should match ours which is on our report.

Once your happy with your profit margins and you wish to purchase the vehicle, If you wish to go to the next stage, you simply place a holding deposit of £200 to hold your vehicle for 24hrs. We will then send over the walk-around video of the vehicle, this saves any traveling.

Provided everything is as described, we will invoice you and you can pay the balance by bank transfer. We can then arrange delivery to you or your chosen garage/body shop. If the vehicle is not as described, we will refund your £200 holding deposit, easy and simple!
